Tuesday, January 4, 2022

Dear Ringgold Families,

Given what is currently known about COVID-19 and the Omicron variant, the Pennsylvania Department of Health has published an [update to its guidelines on isolation and quarantine](#) periods, shortening the recommended time for isolation for the public.

Here's what this means for you and your students.

- Individuals who test positive for COVID-19 must isolate for 5 days. **If after 5 days, the individual is asymptomatic, their isolation period is over**; however, in keeping with the District's current Health and Safety Plan, they will still be required to wear a mask on school transportation and at school.
- Individuals who have been exposed to someone with COVID-19 and have received a booster vaccine within the required period of time and are asymptomatic **do not need to quarantine**, but will still be required to wear a mask on school transportation and at school.

We are asking parents who wish to make a change from their current choice of schooling option, to do so by filling out the schooling option change form, no later than **Friday, January 7, 2022**. The form can be accessed by [clicking here](#).

Thank you again for your continued compliance and consideration for the safety and wellbeing of your fellow Ringgold students and families.

Sincerely,

Randall Skrinjorich

Randall Skrinjorich
Superintendent
