## COAT-OF-ARMS

**Upper Section** – *The two gold rings of unity and friendship. These two rings have joined together the two former high schools of Monongahela and Donora. Emerging from the rings is the torch of learning with the “R” flame. This flame represents the new school, Ringgold.*

**Lower Section** – *The scroll. This symbol denotes the history of the school. One rolled end is the past and the other end, the future. On the face is the Roman numeral VII. This represents the seven municipalities that make up the school district. The hand holding the wreath signifies the victories and achievements of the school’s athletics.*

## DISTRICT NAME

The name Ringgold was taken from the Ringgold Cavalry which served so famously during the Civil War. The different subdivisions of the merged districts served in the Ringgold Cavalry. Also, it encourages unity, in that a letter from each of the seven districts makes up the name RINGGOLD.

We thy precious name revere.  
May each noble son and daughter  
Cherish thee thine honor dear.  
May thy lamp be ever bright  
Guiding us to truth and light.  
As a beacon o'er dark water,  
This is for thee our Ringgold High.*

*May the years be kind to Ringgold.  
May you grow in strength and fame.

True to you a beacon flame.

## **ASSEMBLIES**

Assemblies are held periodically. Teachers will provide specific information concerning seating and other procedures prior to each program.

## **ATTENDANCE OF STUDENTS (Policy 204)**

### **PURPOSE**

All students have a responsibility to attend school regularly and promptly in order that they may receive the full benefit of the educational programs offered by the Ringgold School District. The Educational Program offered by this district is predicated on the presence of the pupil and requires continuity of instruction and classroom participation. The attendance policies of the Ringgold School District, Policy 204, are designed to comply with the Pennsylvania School Code and in addition, to assist the students and families in resolving problems which contribute to poor attendance (PA School Code Section 1327 and 1330).

Parents/Guardians are urged to call the attendance office prior to 9:00 a.m. each day their child is going to be late or absent.

### **COMPULSORY ATTENDANCE**

“Compulsory school age” shall mean the period of a child’s life from the time the child’s parents elect to have the child enter school and which shall be no later than six (6) years of age until the child reaches eighteen (18) years of age. The term does not include a child who holds a certificate of graduation from a regularly accredited, licensed, registered or approved high school.

“Habitually truant” shall mean six (6) or more school days of unexcused absences during the current school year by a student subject to compulsory school attendance.

**STUDENT ATTENDANCE RESPONSIBILITY**

1. All student absences are either excused or unexcused.
2. Students who meet distance/cyber daily requirements remotely will be considered in attendance for the day(s).
3. It is the responsibility of the student to request make-up work from the teacher and to submit the work according to pre-established school and classroom guidelines.
4. On the day you return to school, bring in an excuse for the absence signed by parent/guardian.

As part of their responsibility, parents/guardians are expected to provide the school with a written excuse for their child’s absence within three days of returning to school.
2. The parent/guardian should contact the school if extenuating circumstances regarding a child’s absence exists.
3. An excuse must be presented to the attendance office for any absence. Failure to submit an excuse within three school days upon return to school will result in the absence being marked unexcused and/or unlawful. ## **EXCUSED ABSENCES**

1. Excused absences are prescribed by law in the Pennsylvania School Code. The following reasons will be considered an excused absence from school:
  - a. A student's illness or physical injury as verified by parent, physician, or designated district staff
  - b. Death in the immediate family
  - c. Quarantine
  - d. Observance of a bona-fide religious holiday in accordance with the student's religious beliefs
  - e. Family emergency (explanation required)
  - f. Recovery from an accident.
  - g. Healthcare from a licensed practitioner when it is not practical or possible to receive such care outside of school hours (verification required from the health care provider)
  - h. Family educational trips and tours (approved in advance)
  - i. Urgent personal reasons that are approved by the school administration
  - j. Court appearance (verification required)
  - a. School sanctioned educational tours, trips, Extra-curricular activities, or Sport Events
  - k. Suspension from school
  
2. A student whose absence is excused will have the opportunity to make up work assigned during the period of his/her absence. If a student missed one day, they will have one day to make up work, if the student misses two days, they will have two days to make up work, etc. It is primarily the responsibility of the student/parent to arrange make up work missed during his/her absence.

## **UNEXCUSED/UNLAWFUL ABSENCES**

1. Absences for shopping, hair appointments and reasons other than those listed are considered unexcused. Missing the bus and oversleeping are also examples of unexcused absences. Unexcused absences include days missed because of parental neglect, illegal employment or a student being willfully absent from school without the permission of a parent/guardian and school officials.
  
2. An unexcused absence is an unlawful absence. Excuses must be submitted by the end of the third school day following a student's return. Excuses will not be accepted after that time. If an excuse is not received, the absence will turn to an "unexcused" absence. Once an absence has been marked as unexcused, it cannot be changed to an excused absence.

**EARLY DISMISSALS**

Early dismissals from school are considered absence from school and will follow the same guidelines for classification of excused/unexcused. Students are responsible for making up all work missed in a timely fashion while being dismissed from school for excused reasons.

Students, especially those involved in extracurricular activities, are not to sign out of school and return before dismissal, except in cases of family emergency or medical/dental appointments.

If a student wishes to be dismissed early from school, he/she is required to submit to the Main Office a written statement, signed by a parent or guardian that contains the following: (Request forms may be obtained in the Main Office)

- a. Student's name (first/last)
- b. Grade level
- c. Day and date for dismissal
- d. Reason for early dismissal; if medical appointment, name of doctor and time of appointment must be included
- e. Signature of parent or guardian

- f. Phone number where parent/guardian may be contacted during the day. No early dismissal will be granted without a parent/guardian available unless verification via phone has been given along with the written notification.

Procedures for early dismissals:

1. Requests must be presented to the attendance secretary in the Main Office for approval. At that time, the student will receive a pass to leave class and report to the Main Office at the time of their dismissal.
2. All students leaving for early dismissals must be signed out at the time of dismissal by a parent/guardian or designated school official.
3. Students returning from an early dismissal are to report to the Main Office and sign in. If returning from a doctor's appointment, verification must be submitted at that time. A pass to class will be issued by the Main Office.
4. A student who becomes ill or injured during school must report to the nurse. A parent will be contacted, and the pupil will be dismissed if necessary. Students signed out without being seen by the nurse will be considered unexcused for the remainder of the school day.
5. No student is permitted to leave the school building for any reason without the knowledge and permission of the appropriate school officials.

### **TARDINESS**

Students are expected to be at school and in their first period class by the start of school. Excessive tardiness to school is not acceptable. Students are expected to be in their homerooms on time unless they enter with a written excuse from a school official verifying legitimate reasons for the lateness. Tardiness could result in discipline.

A student who arrives at school after the school's start time should report directly to the Office. A student who arrives to school after the school's start time will be marked tardy. A written excuse which includes a contact phone number and is signed by a parent must be submitted to the attendance secretary. If no excuse is presented at the time of entry, the tardy will be unexcused. Doctor appointments must be verified by written notification from the doctor. Sleeping in, alarm not going off, car trouble, and like excuses are not considered acceptable reasons for being tardy and will be considered unexcused.

1. Students who are tardy to school will have to have an excuse upon arrival to school. Failure to turn in a note upon arrival will result in the tardiness being unexcused.
2. After the fourth unexcused tardy, a letter will be sent home.
3. Further unexcused tardies will result in possible referral to the magistrate.
4. Any student who is tardy (Excused or Unexcused) ten (10) days without proper medical documentation will be required to submit a doctor's note for subsequent tardies.

**EDUCATIONAL TOURS/ SCHOOL SPONSORED STUDENT TRIPS**

Upon receipt of an approved “Educational Trip Request” form from the parents of the pupils involved, pupils may be excused from school attendance to participate in an educational tour or trip provided during the school term at the expense of the parents/guardians. When such a tour or trip is so determined by the District Superintendent or his/her designee to serve an educational purpose and pupil participants therein are subject to direction and supervision by an adult acceptable to the District Superintendent/designee, and to the parents of the pupil concerned, the trip will be subject to the following conditions:

1. Educational tours or trips will be considered for approval if the District Superintendent or designee determines that such a tour or trip will be of educational significance to the student. In order for the District Superintendent or designee to make such a determination, the parent shall provide a written request for excusal which shall indicate the days to be missed, the destination of the tour or trip, and the reason why the tour or trip could not be taken on days when school is not in session. THE TOUR/TRIP MAY NOT EXCEED Five (5) DAYS.
2. Unless some emergency arises, such requests shall be made at least two (2) weeks prior to the date of the tour or trip.
3. Unless some unusual family circumstances exist, such tours or trips shall not be approved during the final two (2) weeks of the school term. Students who are absent (excused) during final exams will have the opportunity to take their finals upon their return. Educational tours or trips will not be approved for the days of standardized testing (State-Mandated Assessments, NAEP, PSSA, Keystone, etc.)
4. If more than one child in a family will be taking the tour or trip, the requests for the children shall be made to the Principal of the school of each involved child so that their absences may be cleared with the appropriate principal.
5. All school work missed during the approved tour or trip shall be made up on the "initiative of the student and at the reasonable convenience of the teacher." Students may not be excused for more than 5 days per year for educational tours.

6. School-sponsored trips which are one day or more in length are included in the 5-day trip/tour limitation. Students and their parents must exercise caution in arranging educational trips or in granting permission for student participation in school-sponsored trips or club-sponsored off campus activities. The purpose of the limitation is to align the policies of the Ringgold School District with the 5-day trip/tour limitation prescribed by the Pennsylvania State Department of Education. Students may find it necessary to choose which tours/trips they are able to attend. Students participating in school sponsored tours/trips must travel with the school group unless specific permission to do otherwise is granted, both by the activity sponsor and the Principal of their school.
7. Educational trips **will not** be approved for students with over 10 days parental excused and/or unlawful absences from school or who are failing two or more courses at the time of the request.
8. Students attending any school sponsored student trips or overnight field trips are bound by all school policies and rules as well as any additional guidelines established by the sponsoring teacher/class/organization. Students attending school sponsored field trips are also subject to eligibility requirements. Student grades will be monitored by the trip sponsor and will be reported on a weekly basis. Students who do not meet eligibility requirements, have 15 or more days absent one week prior to the date of the trip and or students with serious/chronic behavior problems will be ineligible to attend.

**EDUCATIONAL TRIP FORM**

If a student wishes to take an educational trip, it may extend up to a maximum of five (5) days. Approval must be given by the Administration at least two (2) weeks prior to the trip.

If school officials determine that the number of trips/tours taken becomes excessive over the school year, they reserve the right to determine whether additional trips should be taken.

### **PLANNED FAMILY TRIPS**

Students who will be missing school for planned family trips are to bring in a note from the parent at least two weeks in advance stating the dates the student will be absent and the purpose of the trip, so that it may be approved by the principal. Students are responsible for seeing their teachers before going on the trip to get their homework assignments – the office will not request work for these days. **Note:** Any absences for trips count toward total days absent for the school year.

### **MAKE-UP ASSIGNMENTS**

If a student is absent for a prolonged period of time, it is the responsibility of the parents to request assignments for work covered during the time of absence. Assignments are not sent home unless the student is absent for two or more days. It is the student's responsibility to make up work when he/she returns after a short absence and to complete the work assigned if the period of absence is longer. If the call for assignments is not made prior to 8:30 AM, the assignments may not be sent home until the following day.

**BOARD POLICY LINK :** <https://go.boarddocs.com/pa/ring/Board.nsf/Public?open&id=policies#>  
**ATTENDANCE POLICY 204**

## **BOOKS AND OTHER EDUCATIONAL MATERIALS**

Students are responsible for books and other educational materials assigned to them including Chromebooks and other technology. Lost or damaged textbooks, equipment, technology, library books, or other educational materials will be paid for by the student at the full cost of the replacement. Students will be charged for any book that needs to be rebound due to damage.

Because books are of various copyright years, we will implement a plan requiring the following:

- 90% payment of books 1 year old
- 80% payment of books 2 years old
- 70% payment of books 3 years old
- 60 % payment of books 4 to 9 years old
- 10 % payment of books 10 years or older

Note: Unpaid debts will result in a hold on student accounts which could jeopardize participation in school activities, promotion, or graduation.

## **BUS TRANSPORTATION**

The Director of Transportation is responsible for assigning buses and has established a policy in regard to student bus assignment. A student is to ride only those buses which are specifically

assigned to him/her in order to prevent overcrowding and also to provide the most convenient route for buses. If an emergency occurs and the student must ride another bus, a written request from the parent/guardian must be presented to the office indicating the following: student's full name, grade level, and assigned bus number; the date of and reason for the change; the bus and stop requested; full name of the student with whom the requesting student is traveling; the phone number where each parent/guardian can be reached to verify the request. The principal will then issue a boarding pass to the student on the day that the bus change is necessary, after confirming with parents/guardians. This pass is to be presented to the driver. No bus pass will be issued without verification by the school.

### **PARENTS/GUARDIANS AND STUDENT RESPONSIBILITIES**

A school bus is an expensive piece of equipment purchased for the purpose of saving your children a long walk to and from school. Join our safety team and see that your child learns to obey the rules and regulations of riding a school bus, which is a privilege that can be suspended if the student fails to obey the rules and regulations of the school district. Conduct detrimental to the safety of others will be reported to the school principal. Students who do not follow the rules will be subject to the Student Conduct and Discipline Code attached to Board Policy 218, which may result in suspension from the bus transportation to and from school.

### **RULES/REGULATIONS**

The driver is in charge of the pupils on the bus. Pupils must obey the driver promptly and appropriately.

- Pupils must be on time; the bus cannot wait for tardy students.
- Wait at the bus stop in an orderly fashion until the bus arrives.
- Board the bus single file without shoving and crowding others.
- Take your seat promptly and face the front of the bus at all times.
- Do not stand while the bus is in motion.
- Loud and boisterous talking is not permitted. Do not call to students several seats away.
- Horseplay and rowdy behavior are not permitted and will not be tolerated.
- Throwing objects on the bus is not permitted and will not be tolerated.
- Do not litter or deface the bus in any way.
- Do not place your feet or arms in the aisle.
- Do not place your head, arms or any part of the body out of the bus window.
- Place your books, backpacks, and bundles where they cannot slide or fall.
- Do not talk to the driver while the bus is in motion unless it is an emergency.
- The driver may assign each student a seat; he/she must sit in this seat.
- Remain seated until the bus comes to a complete stop.
- Never throw anything out the bus windows.
- Help keep the bus clean and sanitary.
- The use of laser pointers or similar devices are not permitted on school transportation, and students may not be in possession of such devices.

- The possession or use of any tobacco products, nicotine delivery product, illegal substances, or look-a-like products is not permitted; violators will not be permitted to ride the bus, and will be cited under the terms of the PA School Code's Tobacco Policy.

During a breakdown, students are not permitted to leave the bus until instructed by the driver. A reserve bus will be sent to continue the run as soon as possible.

Students who violate these rules may be suspended from riding the bus; the number of days suspended will be determined at the principal's discretion. Any student vandalizing the bus will also be required to make financial restitution. In addition to these consequences, students can be cited and brought before a magistrate for civil action.

### **CAFETERIA / EATING AREAS**

Students are restricted to the cafeteria areas during the period they have been assigned to lunch. Restrooms are available in the area adjacent to the cafeteria. **FOOD MAY NOT BE CARRIED FROM THE CAFETERIA / EATING AREA TO CLASSROOMS, IN THE CORRIDORS, OR OUTDOORS** without Teacher or principal permission. Students are not to bring large quantity food items (such as large bags of chips, 2-liter bottles of drinks, whole cakes, etc.) to school for lunch. Students are discouraged from bringing candy to school. The practice of sharing food is discouraged. The lending of money is also discouraged, and students are not to lend their lunch number to other students. As a safety precaution, no drinks in glass bottles are permitted in school. Students are expected to conduct themselves in an orderly manner and not cut lines or display discourteous manners while being served food and eating. Courtesy to others and respect for the law and property are expected. Students who do not follow cafeteria rules may be subjected to disciplinary action.

RINGGOLD SCHOOL DISTRICT  
CHILD FIND AND ANNUAL NOTICE TO PARENTS

(CFR 300.125)

In compliance with state and federal law, Ringgold School District will provide to each protected handicapped student without discrimination or cost to the student or family, whose related aids, services or accommodations which are needed to provide equal opportunity to participate in and obtain the benefits of the school program and extracurricular activities to the maximum extent appropriate to the student's abilities. In order to qualify as a protected handicapped student, the child must be of school age with a physical or mental disability, which substantially limits or prohibits participation in or access to an aspect of the school program.

These services and protections for "protected handicapped students" are distinct from those applicable to all eligible or exceptional students enrolled (or seeking enrollment) in special education programs.

For further information on the evaluation procedures and provision of services to protected handicapped students or eligible students, contact the office of Pupil Services at (724) 258-7141.

Each school district, along with other public agencies in the Commonwealth, must establish and implement procedures to identify, locate and evaluate all children who need special education programs and services because of the child's disability. This notice is to help find these children, offer assistance to parents and describe the parent's rights with regard to confidentiality of information that will be obtained during the process. Each school district shall also conduct awareness activities to inform the public of gifted education services and programs and the manner by which to request these services and programs.

The content of this notice has been written in English. If a person does not understand any of this notice, he/she should contact Ringgold School District and request an explanation.

Intermediate Unit I acts as a MAWA, a public education agency that provides early intervention to eligible three to five year olds who live in Fayette, Greene, and Washington counties. Throughout the notice, the reader will find references to the IU, the MAWA, or to the MAWA agency - all referring to Intermediate Unit I for the purposes of this notice.

## IDENTIFICATION ACTIVITY

Child Find refers to activities undertaken by public education agencies to identify, locate, and evaluate children residing in the State, including children attending private schools, who are suspected of having disabilities, regardless of the severity of their disability, and determine the child's need for special education and related services.

The purpose is to locate these children so that a free appropriate public education (FAPE) can be made available. The types of disabilities, that if found to cause a child to need services are: Autism, deaf-blindness, deafness, emotional disturbance, hearing impairment, mental retardation, multiple disabilities, orthopedic impairment, other health impairment due to chronic or acute health problems, specific learning disabilities, speech or language, traumatic brain injury and visual impairment including blindness, in the case of a child that is of preschool age developmental delay. Screening activities are also conducted to determine student need for gifted support services.

The Ringgold School District provides educational services for all eligible students either through district-operated classes, contracts with Intermediate Unit I, or Approved Private Schools. Classes providing Learning Support, Life-Skills Support, Emotional Support, Physical Support, Multiple Disabilities Support, and Autistic Support are available for students at the beginning of school age through age 21, if necessary. Additional services include hearing, vision, and speech and language support. Students found to meet eligibility criteria as "mentally gifted" may receive services through the district's Gifted Support programs.

Each school district is required to annually provide notice describing the identification activities and the procedures followed to ensure confidentiality of personally identifiable information. This notice is intended to meet this requirement.

Identification activities are performed to find a child who is suspected as having a disability that would interfere with his/her learning unless special education programs and services are made available. Children suspected of being "mentally gifted" who need specially designed instruction not ordinarily provided in the regular education program also go through screening activities. These activities include: review of group data, conduct hearing and vision screening, assessment of student's academic functioning, observation of the student displaying difficulty in behavior and determining the student's response to attempted remediation. Input from parents is also an information source for identification. After a child is identified as a suspected child with a disability, he/she is evaluated, but is not evaluated before parents give permission for their child to be evaluated.

Ringgold School District will follow procedures outlined in the special education regulations (Chapter 14) for determining eligibility and need for special education services. Chapter 16 regulations will be followed to determine eligibility and need for Gifted Support services.

Each LEA's public outreach awareness system includes methods for reaching homeless children, wards of the state, children with disabilities attending private schools, and highly mobile children, including migrant children.

#### CONFIDENTIALITY (CFR 300.127)

If after screening, a disability is suspected, upon your permission, your child will be evaluated. Written records of the results are called an education record, which are directly related to your child and are maintained by the school district. These records are personally identifiable to your child. Personally identifiable information includes the child's name, the name of the child's parents or other family member, the address of the child or their family, a personal identifier such as social security number, a list of characteristics that would make the child's identity easily traceable or other information that would make the child's identity easily traceable.

Ringgold School District will gather information regarding your child's physical, mental, emotional and health functioning through testing and assessment, observation of your child, as well as through review of any records made available to the school district through your physician and other providers of services such as day care agencies.

Ringgold School District protects the confidentiality of personally identifiable information by one school official being responsible for ensuring the confidentiality of the records, training being provided to all persons using the information, and maintaining for public inspection a current list of employee's names and positions who may have access to the information. You have the right to an explanation and interpretations of the records, to be provided copies of the records if failure to provide copies would effectively prevent you from exercising your right to inspect and review the records, and the right to have a representative inspect and review the records. This review is conducted with the assistance of an appropriate school district staff member.

Upon your request, Ringgold School District will provide you a list of the types and locations of education records collected, maintained, or used by the agency. Additionally, the Ringgold School District will charge a fee for copies of records made in response to your request except, it will not charge a fee if doing so will prevent you from inspecting and reviewing your child's records. A current list of reasonable fees relative to records request is available in the district's central office. The district will not charge a fee to search or retrieve information.

You have the right to request in writing the amendment of your child's education records that you believe are inaccurate or misleading, or violate the privacy or other rights of your child. Ringgold School District will decide whether to amend the records within 45 school days of receipt of your request. #### EARLY INTERVENTION IDENTIFICATION

In Pennsylvania, a child between three years of age and the school district's age to begin school who has a developmental delay or one or more of the physical or mental conditions listed above, will be identified as an "eligible young child". The parents of these children have the same rights described above.

The Pennsylvania Department of Education is responsible for providing programs and services to eligible young children under Act 212 of 1990, the Early Intervention Services System Act. Screening for preschool children is available through the Child Alert Program operated by Intermediate Unit 1. To schedule an appointment for screening call IU1 at 1.800.328.6481. For additional information, contact your local school district.

POTENTIAL INDICATORS OF WEAKNESSES IN THE DEVELOPMENTAL DOMAIN AREAS AND OTHER RISK FACTORS THAT COULD INDICATE A DISABILITY (Requirement of Section 14.212(b))

A developmental delay is determined by the results of a developmental evaluation. The results of one or more domain areas (adaptive, personal-social, communication, motor or cognitive) have to show at least a 25% delay or a score of 1.5 standard deviations below the mean (Standard Score of 77 or below). The delay results in the need for specially designed intervention/instruction (SDI) in order to participate in typical activities and routines.

Children with a developmental delay may show weaknesses in the following areas:

Adaptive - Pre-Kindergarten aged children with a developmental delay may have difficulty dressing/undressing, using utensils to eat, removing shoes without assistance, distinguishing between nonfood/food substances, or have difficulty with toileting needs. One may have difficulty moving independently around the house, understanding that hot is dangerous, putting away toys when asked, indicating an illness or ailment to an adult, or demonstrating caution and avoiding common dangers.

Personal-Social - Pre-kindergarten aged children with developmental delay may have difficulty responding positively to adult praise, rewards or promise of rewards; greeting familiar adults spontaneously, enjoying simple stories read aloud, helping with simple household tasks, initiating social interaction with familiar adults, expressing affection/liking for peers, playing cooperatively with peers, stating first name, last name, age, or whether he is male/female; using objects in make-believe play, using "I" or "me" to refer to himself, or recognizing facial expressions of common emotions.

Communication - Pre-kindergarten aged children with a developmental delay may have difficulty following 2-step verbal commands, associating spoken words with pictures, recalling events from a story presented orally; engaging in extended and meaningful nonverbal exchanges with others, using words to get his needs met, responding to "yes" and "no" questions appropriately, or asking "wh" questions.

Motor - Pre-kindergarten aged children with a developmental delay may have difficulty running without falling, kicking a ball without falling, walking up and down steps alternating feet without assistance, walking backward, imitating the bilateral movements of an adult, pointing with his index finger independent of the thumb and other fingers, scribbling linear and/or circular patterns spontaneously, using the pads of fingertips to grasp a pencil, holding a paper with one hand while drawing or writing with the other hand, fastening clothing without assistance, cutting with scissors, copying a circle, or imitating vertical and horizontal markings.

Cognitive - Pre-kindergarten aged children with a developmental delay may have difficulty attending to one activity for 3 or more minutes, reciting memorized lines from songs or TV shows, showing interest in age-appropriate books, matching/naming colors, responding to one and one more, giving three objects on request, matching shapes, identifying objects by their use, identifying items by size, identifying colors of familiar objects not in view, or identifying simple objects by touch.

#### OTHER FACTORS THAT COULD INDICATE A DISABILITY

Developmental disabilities are birth defects related to a problem with how a body part or body system works. They may also be known as functional birth defects. Many of these conditions affect multiple body parts or systems. Researchers have identified thousands of different birth defects. Birth defects can have a variety of causes, such as:

Genetic problems caused when one or more genes doesn't work properly or part of a gene is missing, problems with chromosomes, such as having an extra chromosome or missing part of a chromosome, environmental factors that the expectant mother is exposed to during pregnancy, such as Rubella or German measles or if she uses drugs or alcohol during pregnancy.

#### FACTORS CONSIDERED WHEN DETERMINING MENTAL GIFTEDNESS

1. The child performs a year or more above grade achievement level in one or more subjects as measured by a nationally normed and validated achievement test.
2. The child demonstrates rates of acquisition/retention of content and skills reflecting gifted ability.
3. The child demonstrates achievement, performance, or expertise in one or more academic areas as evidenced by products, portfolios or research, as well as criterion-referenced team judgment.
4. The child demonstrates early and measured use of high level thinking skills, academic creativity, leadership skills, intense academic interest, communication skills, foreign language aptitude, or technology expertise.
5. The child demonstrates that intervening factors such as English as a second language, disabilities, gender or race bias, or social/cultural deprivation are masking gifted abilities.

### **DELAY OR CLOSING OF SCHOOL**

Emergency announcements pertinent to the delay or closing of school will be made on major local radio stations and TV and the district's auto call. Students and families are asked not to call

the school offices concerning delays or closings of school. They should pay particular attention to radio and television announcements during periods of inclement weather. Information will also be available on the Ringgold District Website ([www.ringgold.org](http://www.ringgold.org)).

### **DISRUPTIVE BEHAVIOR (Policy 218)**

It is the student's responsibility to conduct themselves in a scholarly manner at all times. The Ringgold School District Student Conduct and Discipline Code in Student Discipline Policy #218 provides that students may be assigned disciplinary consequences if students "disrupt the learning climate of the school." Consequences may vary based on the nature of the disruption and the disciplinary record of the student.

Unless otherwise permitted by a teacher for an educational purpose, toys, games, electronic games, and other entertainment apparatus are not to be used at school. These items will be confiscated and returned to a parent. Toys such as large or small stuffed animals or figures, squirting toys of any kind, or any other play items are not to be brought to school.

Running, shouting (boisterous behavior), and inappropriate language are not acceptable in the halls, classrooms, restrooms, or school functions and will be subject to disciplinary action.

Student attendance and participation in these events is a privilege and subject to certain restrictions.

While most students enjoy coming to school and follow the rules of good conduct and character, there will be those who violate the rules and choose to disrupt the learning process for themselves and others. Students should not share or trade food or eating utensils with others. Students with food allergies may eat in the cafeteria, but it is safest to pack and eat lunches from home. Parents/Guardians of students with severe allergies will be referred to the Food Service Director for information on ingredients and to determine which foods are "safe". An allergen-free table will be made available in the cafeteria when necessary. Cafeteria tables will be cleaned after each lunch period.

#### **Severe Allergies**

The parent/guardian shall provide the school with a completed Allergy Action Plan that includes parent/guardian permission and a physician order annually on or before the first day of school. The parent/guardian shall complete an allergy history form and will notify the school nurse of any changes in the student's health. The parent/guardian will provide the school with the necessary medications such as Benadryl® or an EpiPen® to be used in the event of a severe allergic reaction or anaphylaxis.

3. At least three (3) staff members at each school will be trained to respond to an allergy emergency in the nurse's absence, including the proper use and administration of an EpiPen®.
4. Necessary medications, including EpiPens®, will be taken on field trips.
5. Information and education regarding a student's allergy shall be shared with appropriate school personnel.
6. Classmates will receive education about the allergy as deemed necessary and appropriate.
7. Teasing, bullying, or harassing of a student with a known allergy by other students will not be tolerated.
8. In an emergency, school personnel will accompany the child to the hospital, if possible.

### **IMMUNIZATIONS (Policy 203)**

All students shall be immunized against certain diseases in accordance with state law and regulations, unless specifically exempt for religious or medical reasons as provided for below. Proof of immunization shall be provided to the district in the form of a properly completed and signed "Certificate of Immunization" as furnished by the Department of Health of the Commonwealth of Pennsylvania.

For more information, please visit [www.dontwaitvaccinate.pa.gov](http://www.dontwaitvaccinate.pa.gov).

A student who has not been immunized in accordance with state regulations shall not be admitted to or permitted to attend district schools, unless exempted for medical or religious reasons or provisionally admitted by the Superintendent.

### **Exemptions**

A student shall be exempt from immunization requirements whose parent/guardian objects in writing to such immunization on religious grounds or on the basis of a strong moral or ethical conviction similar to a religious belief, or whose physician certifies in a written statement that immunization may be detrimental to the health of the child. Non-immunized students may still be subject to exclusion from school should an outbreak occur that is vaccine preventable.

### **INSURANCE**

The Ringgold School District makes available to each student the option of purchasing school insurance for a nominal fee. The purpose of this insurance is to give the student protection

against injuries that may occur going to and from school, during the school day, and at school-sponsored activities. It is the responsibility of each student to take home the information provided and return the completed application and required fee to the school. A student who has purchased this insurance and subsequently becomes injured must report to the office to obtain a claim sheet. The school does not assume this responsibility - THE STUDENT MUST FILE A CLAIM. All students who participate in athletics and cheerleading must have insurance.

### **MEDICATION (Policy 210 and 227)**

In the event that it is necessary for a student to take medication/drugs during the school day in order to effect an improvement in or control a health problem of that student, supervision by school personnel shall be permitted providing proper authorization is supplied by the student's parent/guardian.

All medication/drugs, prescription and/or nonprescription, which school personnel are asked by parents/guardians to administer to students must be accompanied by a written order from a physician clearly identifying the student's name; medication/drug; dose; time of administration; and duration of medication, along with any possible side effects. Prescription medication/drugs must be furnished to the school in the pharmaceutical container, bearing the student's name and instructions for administration as written by the pharmacist. Nonprescription medication/drugs must also be in the original labeled container. A parent/guardian permission form is also required to give medication/drugs of any kind in school.

All medication/drugs, prescription and/or nonprescription, must be transported by the parent/guardian, delivered to and kept in the possession of the school nurse or building principal. ## **HOMEWORK (Policy 130)**

Teachers often view homework as an extension of the classroom experience which provides students with the necessary practice to reinforce and master concepts and skills developed in the classroom.

There are many beneficial outcomes to a well-organized and planned program of homework. Parents must take an active role in any homework program if it is to be successful. Parents are responsible for encouraging students to complete assignments thoroughly and accurately, establishing a regular schedule for undertaking homework assignments, providing a quiet and orderly environment for study and, whenever necessary, helping students with assignments.

Teachers must correlate homework with the specific objectives of the approved planned courses, make assignments meaningful and stimulating and return corrected assignments in a timely manner.

## **INTERNET USAGE (Policy 237.1 and 815)**

The technology and telecommunication resources available in the district represent a large capital investment by our communities. The Board intends that access to the Internet, and to the school district's network system and district-provided computer equipment, be made available to students for legitimate and lawful educational purposes; considers the Internet to be like a "digital" library where students are expected to be responsible and accountable for their actions in accessing resources just as they are in a traditional library; and expects students to act as the school district's ambassador when accessing the Internet as they do when traveling on field trips.

To this end, the Board established the Student Use of the Internet and Responsible Use Guidelines, Policy 237.1, to ensure proper and ethical student use; to provide consistent, responsible student access management; to conform usage with current law; to define parameters for acceptable use; and to impress upon students that inappropriate use may result in a serious penalty.

Students should also review Policy 815, Responsible Use Guidelines, regarding use of District internet and District provided computer equipment.

The Board delegates to the Superintendent authority to implement the Responsible Use Guidelines through the administration and staff.

## **RESPONSIBLE USE GUIDELINES**

All Student Use of the Internet and Responsible Use Guidelines apply to all students enrolled in programming offered at the buildings of the Ringgold Elementary Schools and the Ringgold Middle/High School, and those enrolled in the district's cyber education program, and the 1.1 Chrome Initiative when they access any computer equipment, network and/or Internet connection provided by the school district.

## **DISCIPLINE**

Violations of the Student Use of the Internet and Responsible Use Guidelines will result in appropriate student discipline, in accordance with the school district's Student Conduct and Discipline Code and this Ringgold School District Student Handbook. This may include loss of the privilege to access the Internet/school district network/district-provided computer equipment for a defined period or permanently, suspension and/or expulsion, costs incurred for loss, theft, damage or destruction to/of equipment, loss of credit for a course, and/or criminal or legal proceedings.

Discrimination shall mean to treat individuals differently, or to harass or victimize based on a protected classification including race, color, age, creed, religion, sex, sexual orientation, ancestry, national origin, marital status, pregnancy, or handicap/disability.

Harassment is a form of discrimination consisting of unwelcome conduct such as graphic, written, electronic, verbal or nonverbal acts including offensive jokes, slurs, epithets and name-calling, ridicule or mockery, insults or put-downs, offensive objects or pictures, physical assaults or threats, intimidation, or other conduct that may be harmful or humiliating or interfere with a person's school or school-related performance when such conduct is:

1. Sufficiently severe, persistent or pervasive; and
2. A reasonable person would find that it creates an intimidating, threatening or abusive educational environment such that it deprives or adversely interferes with or limits an individual or group of the ability to participate in or benefit from the services, activities or opportunities offered by a school.

Title IX Sexual Harassment means conduct on the basis of sex that satisfies one or more of the following:

1. A district employee conditioning the provision of an aid, benefit, or district service on an individual's participation in unwelcome sexual conduct, commonly referred to as *quid pro quo sexual harassment*.
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive and objectively offensive that it effectively denies a person equal access to a district education program or activity.
3. Sexual assault, dating violence, domestic violence or stalking.

Acts of Discrimination or Harassment, including Title IX Sexual Harassment, are prohibited, as well as acts of retaliation in regard to reporting or the investigation of Discrimination, Harassment, or Title IX Sexual Harassment.

### **BULLYING/CYBER BULLYING (Policy 249)**

The Ringgold School District is committed to providing a safe, positive learning environment for district students. The Board recognizes that bullying/cyberbullying creates an atmosphere of fear and intimidation, detracts from the safe environment necessary for student learning, and may lead to more serious violence.

Bullying/cyberbullying means an intentional electronic, written, verbal or physical act or series of acts directed at another student or students, which occurs in a school setting and/or outside a school setting, that is severe, persistent or pervasive and has the effect of doing any of the following:

1. Substantially interfering with a student's education;
2. Creating a threatening environment; or
3. Substantially disrupting the orderly operation of the school.

School setting means in the school, on school grounds, in school vehicles, at a designated bus stop or at any activity sponsored, supervised or sanctioned by the school.

The Board prohibits bullying/cyberbullying by district students. Bullying/cyberbullying of any kind is unacceptable, and students are encouraged to report incidents to a district staff member. If you or someone you know is being bullied, tell someone. You can also report it to Safe2Say at 1-844-SAF2SAY.

1. The person acts with reckless indifference to the health and safety of the student; or
2. The person causes, coerces or forces the consumption of an alcoholic liquid or drug by the student.

Organizational hazing occurs when an organization intentionally, knowingly or recklessly promotes or facilitates hazing.

Any activity, as described above, shall be deemed a violation of this policy regardless of whether:

1. The consent of the student was sought or obtained, or
2. The conduct was sanctioned or approved by the school or organization.

The Board prohibits hazing in connection with any student activity or organization regardless of whether the conduct occurs on or off school property or outside of school hours. ### **LOCKERS/CUBBYHOLES (Policy 226)**

Unless otherwise notified the school will provide lockers/cubbyholes for all students. Pupils are not permitted to change lockers/cubbyholes without the teacher's permission and are only to use their own assigned locker/cubbyhole. The locker/cubbyhole is school property and its use is subject to the rules of the school. It is to be kept clean and orderly.

The administration reserves the right by law to conduct either periodic or spot locker/cubbyhole checks at any time, based on reasonable suspicion, for the purpose of determining whether the locker is being used improperly for the storage of contraband, a substance or object the possession of which is illegal, or any material that poses a hazard to the safety and order of the schools in accordance with Policy 226. The administration insists that only school-related items be stored in them. (books, pencils, tablets, gym equipment, lunches, coats and the like.) Students should never store valuable items in their locker/cubbyhole.

### **PARENT / FAMILY ENGAGEMENT**

Ringgold School District shall incorporate parent/family engagement activities, programs and practices that ensure parents/guardians are informed about the opportunity to participate in meaningful communication about student learning and other school activities. The district will ensure that parents/guardians are full partners in their child's education and are included, as appropriate, in decision-making.

### **PARENT PORTAL**

Parents/guardians may subscribe to the FOCUS Parent Portal service. A student's grades, attendance, assignments, etc. may be accessed via the Parent Portal on [www.ringgold.org](http://www.ringgold.org). Parents/guardians have been provided with a username and password. If you have difficulty

logging onto the Parent Portal please send an email explaining your problem to [rsdsupport@ringgold.org](mailto:rsdsupport@ringgold.org).

## **PBIS - POSITIVE BEHAVIOR INTERVENTION AND SUPPORT**

Positive Behavior Intervention and Support (PBIS) is an approach in behavior management on a school-wide level, in a specific setting such as the bus, hallways, classrooms, cafeteria, etc. PBIS methods are research-based and have been proven to significantly reduce the occurrence of problem behaviors. One of the keys is to focus on prevention. It is based on the idea that when students are taught clearly defined behavioral expectations and provided with predictable responses to their behavior, both positive and corrective, 80-85% of students will meet these expectations. The 15-20% of the students not responding to universal interventions will receive additional support through group and individual interventions.

Another key element is an analysis of discipline referral data. This team-based approach to data analysis allows the PBIS team to identify problem areas, brainstorm interventions, acknowledge students exhibiting positive behavior, and communicate the findings to staff, students, and parents.

The key components of an effective school-wide PBIS system involve:

- Clearly defining and teaching a set of behavioral expectations
- Consistently acknowledging and rewarding appropriate behavior
- Constructively addressing problematic behavior
- Effectively using behavioral data to assess progress

For more information please see - <https://www.pbis.org/>

## **PHYSICAL EDUCATION**

### **EXCUSED ABSENCE**

The student will be graded on his/her ability to meet the objectives of the activity. The evaluation procedure will be based upon: (1) attainment of skill; (2) participation; (3) improvement. Since participation is one of the criteria used in the evaluation procedure, if for any reason a student cannot take physical education on a particular day, the student must submit to his/her teacher an excuse signed by the parent/guardian. The school nurse may verify the excuse with the parent/guardian.

In order for a student to be medically excused from participation in physical education, the student must present a doctor's excuse. The medical excuse must be presented at the beginning of the year or when the student becomes incapacitated. A copy of this excuse is to be

kept by the teacher and the original given to the school nurse. A subsequent release from a doctor is required to reinstate a student to participation in physical education. An excused student or a student who does not participate in physical education must report to the physical education class during his/her assigned time. He/she may be given an alternative assignment or provided with an adaptive program as circumstances permit. A student who does not participate or dress for gym class receives a failure for that day's class. Consistent non-participation in class will result in a failing grade.

### **RESTROOMS**

Students are permitted to use the restrooms as necessary during the school day; however, they must ask for teacher permission. Students are not to loiter or gather in groups in restrooms. Abuse of restroom privileges may result in disciplinary action.

### **RINGGOLD CYBER ACADEMY**

The Ringgold Cyber Academy provides a student centered educational environment which provides a rigorous curriculum challenging our students to reach their individual potential as contributing members of a global society. This program will promote an active role in the student's own education through the flexibility of completing their course work virtually anytime and any place via an internet connection.

The Ringgold Cyber Academy courses are designed to be interactive, engaging, motivating and rigorous. Students who are motivated to direct their own learning experiences, take an active role in their education, and exercise self discipline experience success in the cyber school environment.

### **SAFETY AND SECURITY (Policy 907)**

All visitors will be required to show a valid government issued ID card and will be scanned through the metal detectors.

### **SEARCH POLICY (Policy 226)**

The Ringgold School District reserves the right, when dictated by individual and extraordinary circumstances, to conduct a search of a student's person and/or possessions as well as his/her desk and locker/cubbyhole in order to locate and seize weapons, drugs, contraband goods and/or stolen property.

Searches conducted by the administration may include, but not be limited to, utilization of certified drug dogs, metal detection units, or any device used to protect the health, safety, and welfare of the school population.

### **PERSONAL SEARCHES**

A school official may search the person of a student in school, on school buses or at school activities if he/she has reasonable cause and individualized suspicion to search a student.

Searches of the person of the student shall be limited to:

- o the pockets, shoes, stockings, coat, sweater, and vest of the student;
- o any object in the possession of the student such as a purse or briefcase; and/or
- o a “pat down” of the exterior of the student’s clothing.

Searches of the person of a student which require removal of clothing other than coat or jacket must be based upon probable cause. Such “strip searches” should be conducted only in an emergency or in most extreme situations after the superintendent and solicitor has been consulted. See Board Policy 226 for further information.

### **LOCKER/CUBBYHOLE SEARCHES**

All lockers and other storage areas provided for student use on school premises remain the property of the Ringgold School District and are provided for the use of students subject to inspection, access for maintenance and search pursuant to this section and Board Policy 226. Lockers/cubbyholes are jointly accessible to the student and school officials and may be subject to search at the discretion of school officials.

A school official may search with reasonable and individualized suspicion, the locker and contents of any locker. Where the locker to be searched is assigned to a particular student and that student is on school premises at the time of the search, the student shall be notified prior to the search and given the option to be present at the search. Students need not be informed of a locker search in case of an urgent and threatening emergency, such as a bomb threat. It is recommended that at least one other school official be present to serve as witness to a locker search.

Students are to be aware that (1) they are responsible for the contents and interior condition of lockers when they are assigned; (2) assignment of lockers is designed to assure student privacy from intrusion by other students, but not from reasonable cause to search lockers; and (3) lockers are intended only for the storage of outerwear, books and other essential school materials.

See Board Policy 226 for further information.

## **USE OF EVIDENCE**

Anything found and seized in the course of a search conducted by school officials which is evidence of a violation of the standards of this student conduct and discipline code or presents an immediate danger or physical harm or illness to any person may be (1) admitted as evidence in any suspension or expulsion proceeding if it is marked for identification and kept in a secure place by school officials until, it is presented at a hearing; (2) returned to the parent or guardian of the student from whom it was seized; or (3) destroyed if it has no significant value.

## **POLICE ASSISTANCE**

School officials, with probable cause, may request the assistance of law enforcement to (1) search any area of the school premises; or (2) identify or dispose of anything found in the course of a search conducted in accordance with this section.

**BOARD POLICY LINK :** [https://go.boarddocs.com/pa/ring/Board.nsf/Public?open&id=policies#SEARCHES POLICY 226](https://go.boarddocs.com/pa/ring/Board.nsf/Public?open&id=policies#SEARCHES%20POLICY%20226)

## **SCHOOL COUNSELING SERVICES**

Our school counselors provide individual counseling so that each student can help himself with both his educational and personal matters, to coordinate district and national test distribution and administration, and to establish and maintain a complete permanent record of progress from the time of each student's admission into school. Additionally, counselors solicit parental requests for parent-teacher conferences and arrange meetings at a time convenient to all parties.

## **SOUND PRODUCING EQUIPMENT**

If a student has a definite need to use sound recording or reproducing equipment in a classroom as a part of the academic program, he/she must present to the office a request from his/her teacher to bring the equipment to school. The equipment will be stored in the office or in the classroom where it is to be used. Students are not permitted to have sound equipment in the halls, cafeteria, gymnasium, or in the classrooms of teachers who have not requested

that it be used there. The school will not be responsible for electronic devices that are damaged or stolen.

### **STUDENT CONDUCT AND DISCIPLINE CODE (Policy 218)**

The Pennsylvania School Code and state and federal court decisions have given public school teachers and administrators authority to supervise pupils. This authority extends, but is not limited to, classrooms, halls, the cafeteria, school grounds, buses, and the location of any field trip or extra-curricular activity. Teachers will not tolerate any acts of insubordination which materially disrupt the school programs, infringe upon the rights of others, cause dissension among the student body, or cause a decline in the reputation of the school as an educational institution. Pupils must be cognizant of the fact that teachers possess both the right and the responsibility to discipline disruptive and/or insubordinate students. However, the Ringgold School District Conduct and Discipline Code included in Student Discipline Policy #218 provides that students may be assigned disciplinary consequences if students “disrupt the learning climate of the school.”

Adherence to this code by both pupils and school personnel will not only create an atmosphere conducive to learning but will also protect the rights of our young citizens.

### **POSSIBLE CONSEQUENCES FOR VIOLATIONS OF CONDUCT**

Disciplinary consequences depend on the complexity and severity of the violation. The consequence for first-time violations may result in verbal warning, behavioral contract, seating assignment change, SAP referral, assignment of teacher detention, suspension of privileges, teacher/parent conference, temporary removal from class, administrative detention hall assignment, restorative practice intervention, and/or parent contact. Progressive discipline will be followed for subsequent violations.

The following types of discipline have been adopted:

**In-School Detention** – The student will be retained for a designated period of time set up by the building principal.

**In-School Suspension** - The student will not attend regular classes, but will attend school. The student will be assigned to a designated area for directed study.

### **Exclusion from school**

- **Out-Of-School Suspension (1-10 Days)**

A school principal or his/her designee may impose a suspension on a pupil (24 P.S. Sec. 1318) for a period not exceeding ten (10) school days following an informal hearing.

The school principal or his/her designee must conduct an informal hearing with the accused pupil and his/her parent(s) or guardian(s) within the first five (5) days of the suspension to determine the guilt of the accused pupil or mitigating circumstances surrounding his/her violation of the student conduct and discipline code.

Prior to the informal hearing the accused pupil and his/her parent(s) or guardian(s) must be given at least twenty-four hour notice of the hearing and a list of the charges brought against the pupil. The Supreme Court has indicated that "... due process required, in connection with a suspension of ten days or less, that the student be given oral or written notice of the charges against him/her and, if he/she denies them, an explanation of the evidence the authorities have and opportunity to present his/her side of the story."

The accused pupil and his/her parent(s) or guardian(s) shall have the right to produce friendly witnesses and to cross examine all witnesses to the alleged violation at the informal hearing.

Following a parental conference a principal or his/her designee may reinstate a pupil prior to the expiration of his/her suspension.

During the period of suspension, the suspended pupil may not attend or participate in school activities or loiter on school property or so near to school property as to cause disruption in the school program.

- **Expulsion From School** – The student will be permanently removed from school for a designated period of time beyond ten (10) days.

**Alternative Education** – The student will attend an appropriate alternative placement.

**Bus Suspension** – The student will not be permitted to ride all buses, vans or authorized private carriers of the Ringgold School District for a designated period of time as determined by the building principal.

**Criminal Action** – Following a communication with the parent or guardian, the student would be turned over to local or state authorities for criminal prosecution.

**Any combination of the above disciplines** – Following an investigation of the circumstances surrounding the case, a student may receive more than one of the previously mentioned types of discipline. Furthermore, in a case involving theft, damage and/or destruction of either private or public property, the student may be held liable for restitution.

The Board prohibits the use of corporal punishment by district staff to discipline students for violations of Board policies and district rules and regulations.

#### Authority

The Board shall comply with the disciplinary requirements established by state law regarding students who have been convicted or adjudicated delinquent of sexual assault upon another student enrolled in this district, regardless of whether the sexual assault took place inside or outside of the school setting.

#### Delegation of Responsibility

A student who is convicted of sexual assault upon another student enrolled in this district shall be required to notify the Superintendent or designee of the conviction no later than seventy-two (72) hours after the conviction.

Upon report of a conviction or adjudication of sexual assault upon a district student, the Superintendent or designee shall take one (1) of the following actions against the convicted or adjudicated student:

1. Recommend that the Board expel the student, in accordance with law and Board policy.
2. Transfer the student to an alternative education program.

If the convicted or adjudicated student has already been expelled, transferred or reassigned, or if the victim does not attend the same school, no additional action regarding expulsion, transfer or reassignment is required by the district. Although action is not required, the district

maintains the authority to make an alternative assignment or provide alternative educational services during or after an expulsion at the discretion of the Superintendent or designee.

Upon report of a conviction or adjudication of sexual assault upon a district student that occurred in the school setting, the Superintendent or designee shall notify the Title IX Coordinator to determine whether the incident has been addressed in accordance with applicable Board policy.

### Guidelines

In the case of a student with a disability, including a student for whom an evaluation is pending, prior to implementing any disciplinary removal or considering a change of placement for the student, the district shall coordinate with the student's Individualized Education Program (IEP) team and take all steps required to comply with state and federal laws and regulations, and Board policies.

The district shall ensure that the convicted or adjudicated student is prohibited from taking part in the following activities at the same time as the victim:

1. Being educated in the same school building.
2. Being transported on the same school vehicle.
3. Participating in the same school-sponsored activity.

### Return of Student to School

The district may return the student who is expelled, transferred or reassigned, to the student's originally assigned school if one (1) of the following circumstances occur:

1. The victim is no longer enrolled in the district.
2. The conviction or adjudication has been reversed and is not pending appeal.

### Transfer Students

When the school district receives a student who transfers from a public or private school during or after an expulsion period for an act or offense involving a sexual assault conviction or adjudication, the district may assign that student to an alternative assignment or may provide alternative education services.

## **SUICIDE RISK (Policy 819)**

Current statistics indicate that the number of adolescents who are taking their own lives is increasing at an alarming rate. The reasons that students take their own lives are very complex. Some of the factors that may contribute to the increase in adolescent suicide are external stress, internal stress (physical and psychological change), breakdown of the family unit,

difficulty in reconciling and accepting both the increased responsibilities and the increased privileges of adolescence, and an inaccurate perception of death. It is apparent that most adolescents need considerable help and support – the kind that nurtures the development of a positive self-image and fosters an accurate perception of their abilities and their world. The best referral source, in the area of suicide, is the student-at-risk and/or peer. The best way of preventing suicide is personal, concerned human interaction between a competent professional staff member and the student-at-risk.

All students will be expected to help create a school culture of respect and support in which students feel comfortable in seeking help for themselves or friends. Students are encouraged to tell any staff member if they or a friend are feeling suicidal or in need of help. Students should also know that because of the life-or-death nature of these matters, confidentiality or privacy concerns are secondary to seeking help for students in crisis.

If you feel like hurting yourself or know someone who is contemplating hurting themselves, help is available. Stop and talk to someone you trust, call 1-844-SAF2SAY, SPHS Care Center (Crisis Intervention) at 1-877-225-3567, or call the National Suicide Hotline at 1-800-273-8255.
