

Ringgold School District

Strategic Planning Process Application

The Ringgold School District is engaging in the Strategic Planning Process. The Board of School Directors believes that engaging stakeholders is a best practice in effectively improving outcomes for students. Further, the Board of Directors firmly believes that Communities will be positioned to more fully *support* improvement strategies that assist in developing student learning experiences and that Community participation will build capacity to implement innovative and ambitious strategies for meeting the needs of all students.

The Board is in the process of seeking out stakeholders who are interested in participating in a steering committee that will contribute to the development of the strategic plan. If you are interested in participating, we invite you to fill out this document to express your interest and return the form via email to hengle@ringgold.org. The Steering Committee will meet beginning in February and ending in April for a total of 4 meetings. Two meetings will occur in-person and two meetings will occur via zoom and in-person, during normal business hours.

Name _____

Address _____

Phone _____

I am a:

_____ Parent of children attending a school in the District

_____ Local business representative

_____ Community representative

Please provide a short summary of why you wish to participate and how your participation will benefit the school district:
