Dear RMS Parents/Guardians,

Near the end of the day today, Ringgold Middle School Administrators were made aware of allegations that material of an inappropriate nature was being spread among students at RMS via social media. These allegations are under investigation by both Ringgold District Police and Administrators.

Providing a safe and secure learning environment is of top priority to the Ringgold School District and we take these incidents very seriously. We will conduct a thorough and complete investigation into this matter and hold any responsible party accountable for their actions.

We ask that parents and guardians please take this opportunity to speak to your child about the importance of school safety. Also, we ask that you be aware of your child's social media use, including what apps they are using and material they are posting. We want to continue to encourage students to feel comfortable reporting any information they may have that compromises their safety and/or the safety of others. Working together we can maintain an environment where students feel safe and are free to focus on learning.

Please do not hesitate to contact me if you have any concerns.

Sincerely,

*James Klugh*
