

# Ringgold Elementary School North

November 2015

## School News

We have just finished the first quarter and are gearing up for Parent Teacher Conferences on Monday, November 16th. The 4th and 5th grade Chorus students represented RESN at the Veteran's Day Assembly at the Middle School. They sang two songs honoring our veterans who attended this special assembly. RESN honored those who have served our country during our morning announcements with the reading of a special poem by Lacey and the performance of Tapps by Zoe on trumpet, both are 5th grade students.

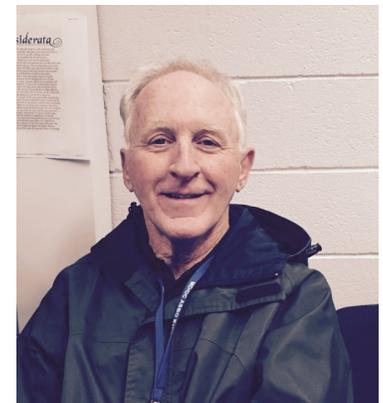

## In The Spotlight

A special thank you goes out to Trax Farms. They surprised our school with a donation of over 600 pumpkins! All students took home a pumpkin and we even had many left to decorate our building. Please stop by and support Trax Farms and be sure to thank them for the special donation!

## Brick By Brick

Mr. George Dickerson is our Site Manager for the Foreman Group and oversees the quality and completion of the construction project. Mr. Dickerson takes time to visit students and discuss the progress of the construction with them. He values this construction project as an educational experience to not only help them understand what is going on but also not to be afraid of the machines and changes in our building.

We are currently in Phase 6 of our construction project with the renovation of 3 classrooms, addition of 7 new classrooms, and the beginning of the kitchen renovations.

## Getting to Know You

Meet Officer Bill Tomosky

This year, we have a new Police Officer greeting visitors at our front desk. Officer Bill Tomosky joins us after serving with the police force for 31 years. He is retired from the Dormont Police Department. Currently, Officer Bill works with RESN as well as part-time with the Versailles Police Department. He is highly trained in school security and is happy to join us to keep our RESN family safe. Officer Bill originally started his studies at California University as an Elementary Education major, before he switched to Business. He is excited to return to his first love in working with children!
